

THOMPSON RIVERS UNIVERSITY

Examining the impact of wildfires on rural healthy aging in British Columbia

Are you an **older adult (aged 60+)** living in a **rural community with concerns or perspectives on wildfires?**

If so, we invite you to participate in our study. We want to hear **your ideas** on actions to support healthy rural aging and ability to age in place in rural communities within the context of wildfire events.

Guided by a community-based research approach, this study **aims to support older adults'** impacted by wildfire **during wildfire season.**

You would be invited to participate in a 1-hour interview at a time that is most convenient for you. The interview would be conducted by phone, in-person, or Zoom, as you prefer.

TO PARTICIPATE IN OUR STUDY or for more information, **contact:**

Researcher: Kate Nanson, BSN
